Dear Mr and Mrs Gerges,

SUPPORT FROM THE VINES DURING A RECENT STAY

I am writing to thank you and the staff at The Vines for the generous help and hospitality that we received during our stay from 5 to 9 February 2007. During the recent bad weather, with snow and ice stranding members of my team at the Vines, we were able to remain productive thanks to the flexibility, hospitality and good humour received from you and your staff. The ability for us to use the Hotel information technology, communications and other facilities enabled us to remaining focused and effective. Moreover, the general level of service and food was superb.

Please accept our heartfelt thanks for your hospitality and help, which turned a problem into a pleasure.

Yours Sincerely

D R ALEXANDER Wing
Commander For Air Officer
Commanding Number 2 Group
